MESSAGE FROM THE MAYOR

On behalf of the City of Kota Kinabalu, I am delighted to welcome all runners, partners, and supporters to the Borneo Half Marathon 2026.

The theme for this year, "Running Half Wild in Borneo," represents more than the challenge of a half marathon. It reflects our aspiration to shape a city that moves forward with purpose, one that balances progress with identity, ambition with responsibility, and modern urban living with respect for nature.

"Half Wild" symbolises balance and intention. It speaks of discipline guided by values, energy channelled with purpose, and the courage to push limits without losing direction. In the same way that runners train and pace themselves, Kota Kinabalu continues its journey of development with clarity, resilience, and heart.

"In Borneo" anchors this event firmly to place and meaning. It celebrates our rich natural environment, diverse cultures, and the deep bond between our people and the land we call home.

The Borneo Half Marathon is more than a sporting event. It is a platform that promotes healthy lifestyles, strengthens social cohesion, and brings people together across generations and backgrounds. It reflects our belief that a successful city is measured not only by growth and infrastructure, but by the well-being, participation, and shared aspirations of its people.

To all runners, whether you are here to compete, to challenge yourself, or to be part of this collective journey, you are helping to bring the spirit of Kota Kinabalu to life. You are running in a city that believes in progress with purpose, development with soul, and leadership that turns vision into action.

I wish all participants a safe, inspiring, and memorable run. Run with heart, run with purpose and run as one city.

Thank you, and welcome to Borneo Half Marathon 2026.

'KK Moving Forward: Smart And Sustainable City'

DATO' SRI DR. HAJI SABIN BIN SAMITAH, JP
Mayor of the City of Kota Kinabalu

MESSAGE FROM THE RACE DIRECTOR

My dear friends,

It is with great pleasure and honour that I welcome you to the Borneo Half Marathon 2026. Your participation is a true celebration of running, community, and the vibrant spirit of Kota Kinabalu.

This year's race continues to invite you to experience the city in a unique way running through the heart of Kota Kinabalu as the city comes alive at dawn. From iconic city roads to the early morning skyline and the glow of sunrise, we are confident you will enjoy an unforgettable running experience within our beautiful city.

The Borneo Half Marathon is made possible through the strong collaboration between the Kinabalu Running Club, Dewan Bandaraya Kota Kinabalu (DBKK), our dedicated partners, valued sponsors, and an incredible team of volunteers. Their tireless efforts, long hours, and unwavering commitment behind the scenes have been essential in organising this event and in positioning the Borneo Half Marathon as a platform to promote Kota Kinabalu as an active, welcoming, and progressive city.

We are proud to share that participation has grown significantly. Even more encouraging, the Half Marathon category was fully sold out within just two weeks of registration opening. This outstanding response reflects your love for Kota Kinabalu, your passion for running, and the strong enthusiasm of our running community.

On behalf of the organising committee, I extend my heartfelt appreciation to every volunteer, partner, sponsor, and stakeholder who made this event possible, and to all runners, for your continued support and belief in Kinabalu Running Club.

Run safe, run strong, and most importantly, enjoy every step of your Borneo Half Marathon 2026 experience.

DATUK DR. HENG AIK CHENG

President of Kinabalu Running Club
Race Director of Borneo Half Marathon

KINABALU RUNNING CLUB THROUGH THE YEARS

The Kinabalu Running Club (KRC), driven by dedicated professionals, is committed to promoting fitness, unity, and sports tourism while fostering a safe and inclusive environment for all participants. Ensuring stringent health and safety measures are in place while adhering to local guidelines to ensure the well-being of everyone involved in our events.

Aligned with Sustainable Development Goals (SDGs), including Good Health and Well-Being, Quality Education, and Sustainable Cities and Communities, KRC works with various NGOs to drive meaningful change to our planet and communities.

The annual marathons promise breath-taking scenery and unforgettable experiences. The Borneo International Marathon (BIM), the largest and longest-running marathon in Borneo and the third largest in Malaysia, held annually in May, began in 2008 with just 529 runners and has since grown to host over 10,000 participants in a single race, supported by a dedicated team of 1,000 volunteers.

Its global recognition peaked in 2018 when Runner's World Magazine ranked BIM 28th among the World's 50 Best Running Races. The Borneo Half Marathon, held annually in February, is another major race co-organised with the Kota Kinabalu City Hall, in conjunction with celebrating Kota Kinabalu City Day.

All routes and race courses for KRC's marathons are sanctioned by the Association of International Marathons and Distance Races (AIMS), ensuring that the events meet global standards for accuracy and quality.

Beyond these two major marathons, KRC also collaborates with other organisations to organise and manage various fun runs and marathons, contributing expertise to assure well-executed events that promote fitness and community engagement. These efforts play a vital role in building Sabah's sports industry and positioning the state as a hub for sports tourism. By developing world-class sporting events, the Kinabalu Running Club contributes to Sabah's growth as a destination for athletes and visitors, showcasing its culture, landscapes, and potential on an international stage.

VISION

- To inspire healthy living, unite communities, and elevate Kota Kinabalu and Sabah globally through world-class marathons that boost tourism, the economy, and local charities.

MISSION

- Engage the community through participation and volunteerism.
- Promote healthy lifestyles with running events.
- Highlight KK and Sabah on the international stage.
- Stimulate tourism and economic growth.
- Support local charities and community initiatives.

K2 GOES GREEN RECYCLE PROJECT

Horizon Hotel - Our first collaborative partner

Bottles are packed in plastic bags ready to be transported to our facilities

Plastic Bottles Collection Programme

This is a recycling initiative in which we collect post-consumer plastic bottles and sent them to a recycling facility where they undergo a process, eventually transforming them into our K2 Green Bottle sustainable packaging.

Essentially, these post-consumer bottles are repurposed and given a second life instead of ending up as garbage in landfills where overtime they affect the local environment and health of people and wildlife nearby.

Our bottle collection programme started in 2022 with encouraging response from equally environment-conscious entities such as hotel and schools, and from public events (such as Borneo International Marathon) in Sabah.
